CALL FOR APPLICATION: ARTIFICIAL INTELLIGENCE (AI) TRAINING

Africa AI Upskilling Programme — Kibabii University

Kibabii University invites applications from eligible students to join the Africa AI Upskilling Programme, a **fully-funded AI TRAINING** initiative delivered under the Google DeepMind AI Research Foundations curriculum, supported by Google.org through FATE Foundation and the African Institute for Mathematical Sciences (AIMS).

About the Programme

The Africa AI Upskilling Programme is a multi-country initiative building a sustainable ecosystem for advanced AI education across Nigeria, Ghana, Kenya, and South Africa. At Kibabii University, the programme will train students through a structured, hands-on curriculum covering language data representation, neural network design, transformer architecture, model fine-tuning, and responsible AI practice, culminating in a capstone project.

The AI TRAINING — What You'll Build

Represent Data → Neural Networks → Transformer → Fine-Tune → Accelerate → Capstone

Eligibility Criteria

- Be a bonafide penultimate student in a Science, Technology, Engineering and Mathematics (STEM) programme at Kibabii University
- Be able to commit to weekly teaching and lab sessions for the duration of the programme
- No prior AI experience required — the programme is designed to build skills from the ground up

What the Programme Offers

- Seven practical, project-based modules delivered by trained AI Champions and lecturers
- One-on-one mentorship and structured lab support
- A working AI model built by the student as part of the coursework
- A certificate of completion upon successfully finishing the programme
- **Full sponsorship** — no cost to selected students

Eligible disciplines include: Computer Science & Information Technology, Agriculture & Biotechnology, Renewable Energy & Bio-fuels Technology, Bio-resource Conservation & Management, Agricultural Economics & Resource Management, Mathematics & Science Education, Chemistry, Biology, Biotechnology, Nursing, Statistics, Cyber Security, and Forensic Science, among other STEM programmes.

How to Apply

Interested and eligible students should submit the application form on or before the closing date.
